## Certificate II in Building and Construction (Pathway - Trades) (Carpentry Pre-apprenticeship)

National ID: 52893WA | State ID:AD12

Do you have a desire to work in construction working with timber?

Carpenters and joiners construct, install, renovate and repair structures and fixtures made of wood, plywood, wallboard and other materials, and cut, shape and fit timber parts to form structures and fittings.

When you complete this pre-apprenticeship you'll be what employers are looking for as an apprentice carpenter and joiner. Give yourself a better chance of gaining an apprenticeship and a flying start in learning a trade.

## Your qualification prepares you for roles such as:

Carpenter and Joiner Assistant

The latter stage of the course provides the learner with a choice to complete specific competencies from a particular trade stream that lead directly into a trade qualification, with full articulation and credit transfer, when seeking an apprenticeship.
