

Certificate III in Individual Support (Disability)

National ID: CHC33021 | State ID:AE05

Do you have a passion for helping people and want to build a career around the commitment of supporting people with disability? This course will give you job ready skills to become a professional disability care worker.

This is your chance to make a real difference in your role, supporting and empowering people with disability to reach their full potential and become more independent, whilst improving overall quality of life of your clients through your working relationship and supporting their participation in the community.

Care workers in this industry are always in demand and you may work in client's homes assisting with daily living tasks or specific care settings including aged care, individual support, recreational/day support, advocacy and case management.

Gain these skills

- Work effectively in the disability support industry, learning to work in health and community services
- Support people with disability to move towards a more independent life
- Communicate, network and work with a diverse range of groups to ensure the person is supported in all aspects of their life
- Work and develop relationships within a team
- Provide home and community support services
- Infection control policies and procedures

Your qualification prepares you for roles such as:

Aged and disabled carer | Disability carer

Special care worker

Personal care worker

Further Study Option (s)
