

Certificate II in Introduction to Disability Care (Disability Care Pre-traineeship)

National ID: 52840WA | State ID:AB65

When you complete the Certificate II in Introduction to Aged Care you'll be on your way to a career as an aged care assistant.

You will gain the knowledge and skills to work effectively in the aged care industry, caring for the elderly, enabling them to maintain independence, supporting people with personal care, safety procedures, ethical behaviour, infection control, working with cultural diversity, and workplace health and safety.

This course includes a compulsory work placement.

Your qualification prepares you for roles such as:

Further Study Option(s)

Certificate III in Individual Support (Disability)

Certificate III in Individual Support (Ageing)
