

Certificate II in Electrotechnology (Career Start) (Electrotechnology Pre App)

National ID: UEE22020 | State ID:AC54

Are you looking for an electrical career and current skills?

When you complete the Certificate II in Electrotechnology (Career Start)(Electrotechnology Pre-Apprenticeship) you'll be what employers are looking for as an apprentice in the electrical, instrumentation or electrical servicing trades.

Gain these skills:

- work effectively in the construction industry
- use hand and power tools
- interpret drawings
- take electrical and electronic measurements
- solder components
- workplace health and safety

Learn in specialised facilities

SM TAFE's Thornlie, Rockingham and Mandurah Campuses offer first rate, fully equipped, purpose-built workshops, where students get hands-on practice working in simulation rooms, using advanced equipment and the latest techniques.

Your qualification prepares you for roles such as:

Electrician

Further Study Option(s)

Certificate III in Electrotechnology Electrician

Advanced Diploma of Engineering Technology - Electrical

Grid Connect Design and Install Clean Energy Council skill set
