

Advanced Diploma of Screen and Media (Digital Cinema)

National ID: CUA60620 | State ID:AC80

Explore the nature of storytelling through the medium of Digital Cinema

This course provides you with the opportunity to work on varied content and will foster your skills in developing ideas, storylines and treatments, lighting design, directing, and editing techniques.

You will be equipped with the skills and knowledge necessary to **work within the film and television industry**. This course will also give you the opportunity to explore the nature of storytelling through the medium of **digital cinema**.

You could find yourself working on content as varied as **short-form narrative films** with professional actors shot on cinema standard equipment, **documentaries**, **micro dramas**, and **client-based projects**.

Successful completion of this course may see you gain **advanced standing** for entry into the WA Screen Academy's **Bachelor of Media & Communications** at ECU.
