

Certificate III in Companion Animal Services

National ID: ACM30417 | State ID: BDM6

Are you looking for a career talking to the animals?

When you complete the Certificate III in Companion Animal Services you will have what employers are looking for as a kennel attendant, cattery attendant, or animal care receptionist.

Gain these skills:

- work effectively with companion animals
- monitor and maintain companion animal health, nutrition & wellbeing
- animal first aid
- grooming
- workplace safety and health

Good news!

This course is going to transition to a new training package in 2022. This means that students starting in 2022 will transfer during their study to new units developed to meet current and future industry needs.

Your qualification prepares you for roles such as:

Kennel attendant or Animal attendant.

Further Study Option(s)

Certificate III in Pet Grooming

Certificate IV in Veterinary Nursing
