

Diploma of Aviation (Aviation Management)

National ID: AVI50119 | State ID: BES4

Take to the skies in a management role

Prepare for a role in aviation management by learning how to perform ground operation duties in support of commercial or Defence aviation flight operations.

Learn to apply technical and non-technical aviation skills and knowledge in support of a wide range of aerodrome and air transport operations with autonomy, judgement and defined responsibility in known or changing contexts within broad but established parameters.

Gain these skills:

- passenger, charter, cargo, emergency service and government operations

Your qualification prepares you for roles such as:

Aerodrome Manager | Aviation Manager | Operations Manager | Business Manager | Safety Manager
