

CUA50915 Diploma of Photography and Photo Imaging

National ID: CUA50915 | State ID:AZM2

Take your photography skills to new heights

This course blends theoretical and practical skills in photography and digital imaging. You'll learn to **create powerful and effective images** for a range of audiences and genres.

Our **lecturers** are **industry professionals** with 'real world' experience. You will develop a thorough understanding of photographic design and theory around the changing nature of the creative industries, while developing your own style.

As part of your studies, you'll have the opportunity to **network with award winning professional photographers** through a range industry events.

Gain these skills

- Produce professional photographic images
- Digital processing and post production methods
- Research and apply current photo imaging trends
- Work within multiple photographic studios
- Work with a range of the latest photographic equipment
- Business applications
- Liaise with clients and others working in the field

Your qualification prepares you for roles such as:

Photographer, processing laboratory technician and wholesale/retail equipment supplier, Photographic Artist, Freelance photographer, Photographic assistant, Photojournalist, Digital laboratory operator and Sales consultant

Further Study Option(s)

Advanced Diploma of Creative Product Development (Photography)
