

MSL40118 Certificate IV in Laboratory Techniques

National ID: MSL40118 | State ID:BDV3

Further develop your practical laboratory skills

This course will provide you with the skills and knowledge you need to work as a technical assistant, technician or instrument operator. You will learn about quality control, performance of instrumental and non-instrumental tests, standardisation and the use of solutions.

Your Certificate IV in Laboratory Techniques is available via traineeship so you can **earn while you learn** and gain on the job skills that will stay with you for your entire career.

Gain these skills

- Carry out experiments
- Take measurements with scientific equipment
- Record results and present them for critical analysis
- OHS and safe laboratory practice in the field and in a laboratory

Your qualification prepares you for roles such as:

Chemistry Technician Assistant | Earth Science Technician Assistant | Life Science Technician Assistant | School Laboratory Technician | Medical Laboratory Technician

Further Study Option(s)

Diploma of Laboratory Technology
