

UEE50120 Diploma of Computer Systems Engineering

National ID: UEE50120 | State ID:BFQ6

Are you ready for a high end technology career?

When you complete the Diploma of Computer Systems Engineering you'll be well on your way to a career as an engineering associate, technical officer, or computer systems technician.

Gain these skills:

- assemble, test, maintain, and troubleshoot a range of electronic devices and computer systems
- fault-find digital and microcontroller systems
- develop skills in design, configuration and fault-finding computer networks
- PCB CAD design
- microcontroller and object oriented code programming

By completing this course at South Metropolitan TAFE you'll also gain valuable skills in Cisco CCNA and Cisco Wireless.

Your qualification prepares you for roles such as:

ICT Support Technician [Apply now](#)
