

MEM50212 Diploma of Engineering - Technical

National ID: MEM50212 | State ID:J367

Are you ready for a technically advanced engineering career?

Advance your career with a technical engineering qualification. The Diploma of Engineering - Technical covers a diverse range of theoretical and technical skills for pursuing a career in the mechanical, mechatronic, manufacturing and maintenance engineering fields. This course emphasises the transfer of theoretical concepts to practical real-life applications to ensure our students graduate with job-ready skills.

Gain these skills:

- engineering **drafting** and **design**
- **analytical** work involving **manufacturing** and **fabrication techniques**
- application of **engineering principles, systems** and **processes**
- **drawing** and **designing mechanical equipment**
- maintain **mechanical systems**
- workplace health and safety

Your qualification prepares you for roles such as:

This course has a university study pathway as at 28 October 2019. Further Study Option(s) Advanced Diploma of Engineering [Apply now](#)
